# MADRIX KEY

Expand your k

### Flexible Usage

The MADRIX® KEY is a USB dongle that unlocks the features or output for the MADRIX® 5 Software or MADRIX® RADAR Software by holding the corresponding license. You can freely switch between different PCs as it is not bound to a specific system. It only needs to be activated online once.

### What's In The Box

The beautiful, high-quality box includes 1x empty MADRIX® KEY, 1x USB flash drive incl. MADRIX® 5 Software and MADRIX® RADAR Software, 1x lanyard, and 1x quick start guide. All additional software tools and all user manuals are provided digitally.

# TRAINING

MADRIX® Training includes a variety of seminars to learn directly from the makers of MADRIX®. Our courses effectively and quickly teach you how the system works.
